## Registering to Sell: [jbfsale.com/myjbfprofile](http://jbfsale.com/myjbfprofile)

- **Consignor Number** – this will be assigned when you register and can be used at all JBF events.
- **Event Location** – be sure to register as a consignor for the Woodbury event so that your items are pulled into the sales system. From the Upcoming Events box, click 'sign up' for JBF Woodbury and then click on the box for Consignor.

## Creating Barcoded Tags: [www.myjbf-tags.com](http://www.myjbf-tags.com)

- **Category** – choose a category that make sense to you; choose miscellaneous or leave blank if needed
- **Item Description** – include brand name, color(s), etc.; the better the description the more likely we can match a lost tag to your item and get it back onto the sales floor to sell
- **Reduce** – check this box if you want the item sold at 50% off on the last part of the event; we highly recommend choosing "reduce" as this is a key strategy to getting a larger check.
- **Donate** – check this box to donate an item that does not sell to our great charity partners;
- **Quantity** – this option allows you to quickly produce tags if you have more than one of the exact same item (same color, size, brand).
- **Print** – Print at ACTUAL SIZE (no scaling) and high quality to ensure good scan at checkout.
- **Sold/Sold Date/Sold Price** – use each day during the sale to watch your items sell!
- **Reports** – you can print multiple reports from the [www.myjbf-tags.com](http://www.myjbf-tags.com) system

# Prepping & Pricing & Tagging

Item Category	Examples	Prepping	Pricing	Tagging
<b>Hanging Clothing Items</b>	Outfits, pajamas, dresses, coats, bathrobes, dress-up clothes, onesies, sleepers, etc.	Hang on child size (or appropriate size if teen/maternity) hanger with <b>hook facing left</b> (like a question mark); Attach multiple items together with safety pins so that pieces cannot be separated.	Put outfits together to price for at least \$3.00/hanger; Start at \$3 for two name brand items sized 0-2T. Start at \$3/item for sizes 3T+. Increase price for bigger sizes, dressier items and better brands. <b>NO STAINED, RIPPED OR WORN OUT ITEMS WILL BE ACCEPTED.</b>	Attach JBF tag to item's tag or an inside seam (so that you don't put an extra hole in the item) and be sure the tag is easily seen on the front of the item (pull on tag to be sure it is secured)
<b>Non-Hanging Clothing Items</b>	Socks, tights, underwear, infant mittens/booties, hats, etc.	Place sets of items (for example, 6 pairs socks) in clear self-seal bag; Seal top with clear packaging tape.
