Consigning through our valet service is the 2nd most optimal way to get the most for your items! - You start out earning 45% on your items sold or 55% if you decide to volunteer at the event
- Items are tagged by a tagger who earns 15% on each item that sells. The tagger earns \$ based on sales so taggers are motivated to get it sold- so prepping, pricing and presentation is important to the tagger as well you
- All items are tagged, transferred and stored as part of our Tag & Go Program. The program is set-up so that your items are stored and displayed by the JBF team. Your items are then transported to the following area sales: White Bear Lake-MN, Blaine/Andover MN and Eau Claire-WI until your items have sold through, need to be retagged or donated. There is a \$10 fee for each event your items are sold unless your sales at 45% are less than \$50 - in that case your fee is waived and we will contact you in regards to next steps for your items. *Note: You are welcome to pick-up your items after a single sale as an option
- Prepping your items is easy! Go through your items and ensure all your items are clean, current, in good condition and contain all pieces. Bag your clothes by gender & size and your other items separately.
- There is a supply cost for hangers and batteries- so it is recommended that you provide them if possible to ensure you make the most \$ possible
- After the final sale you participate in you have the option to donate, opt-in for the Cash-Now Program or Pick-up your items
- Checks are sent after the sale. Average Valet Checks are \$300
