The 4 C's will help you decide what to **SELL** at JBF.

Keep

As you gather everything your kids no longer use, you may find items that you want to keep for future kiddos!

You may also find a few items that you simply aren't ready to let go of yet...
and that's okay!

JBF Fall

Clean The Newer it Looks, the Better it Sells.

Take time to check clothing carefully (in great lighting) for stains. Clean shoes, toys, equipment, etc.

Current Season Matters.

Sell warm weather clothing and shoes at our Spring event; cold weather items at our Fall event.

Complete Happy Shoppers Wanted.

Be sure all the parts & pieces are present before you tag items. JBF shoppers want to open their items when they get home and find everything in working order.

Compliant Safety First.

Important Safety Guidelines apply to car seats, cribs, infant equipment & toys. But don't worry, we have all the information about [Recalls & Safety Standards here](#).

Toss
or donate

We all know, there's such a thing as **"too well-loved."**

These items have obvious wear & tear, are missing pieces, stained, damaged, or don't work anymore.

Pricing

Step 3

Selling at **JBF** let's you be in control of each item. You set the price and decide if it goes half price on the last day of the sale.

Plus, in case the item doesn't sell, you can either donate it to our Charity Partners who serve local families in need, or you may pick it up.

Prepping

Step 4

Wow! You're making progress! Now that you have your tags printed, here's everything you need to know about attaching tags, packaging non-clothing items, and hanging clothes.

Hanging Clothing

Outfits, pajamas, coats, dresses, bathrobes, dress-up, swimsuits, etc.

Limit 10 maternity & 10 juniors items.

Hang items on a child-sized hanger (or appropriate size if bigger) with **hook open to the left** (looks like a "?").

Attach multiple items (if outfit or set) using a tagging gun or safety pins so that pieces cannot be separated.

Attach JBF tag to item's tag or seam (don't make a hole or damage the fabric!) and be sure the tag is easily seen on the front of the item.

Other Clothing

Onesies, socks, tights, infant mittens, booties, hats, accessories, etc.

Attach sets of items (for example, 3 onesies or 6 pair of socks) together with a tagging gun or safety pins and place in a **clear self-sealing bag**.

Attach JBF tag to items inside bag. Do not tape bag closed - volunteers will help shoppers inspect items prior to purchase.

Shoes

Hole-punch tag and use a **zip-tie** to secure both shoes and tag together.

For infant shoes that cannot be zip-tied, place in clear self-sealing bag with tag.

High Priced Items

You may place any items in our High Value Cabinet near Checkout.

Toys

Use **clear tape** to attach tags to items.

Small pieces? Put into a clear bag and tape to secure. Large pieces? Strap together with clear packing tape.

Batteries MUST be included.

Books & DVDs

Use **clear bags** or clear cling wrap to hold multiple items together. Tie sets of books together.

Use **clear tape** to attach tags to items. Use **painter's tape** if removing tape will damage item.

Do not tape DVDs closed (we will add a security sticker after Drop Off).

Bags & Carriers

Hole-punch tag at tie to item. Place expensive items in High Value Cabinet.

If multiple pieces, list # items on tag.

Infant Items

Use **clear tape** to attach tags to items.

Multiple pieces? Put into a clear bag and tape to secure.

Large Items

For furniture and infant equipment, **attach tag securely** to item using clear tape or hole-punch and tie.

Batteries MUST be included.

Follow Safety & Recall Guidelines for car seats, equipment, cribs, etc.

Packing

Step 5

It's getting real! Once your items are priced & prepped, we suggest packing them for Drop Off according to type and size. You'll be placing your items where they belong throughout the sale, so having items grouped together will speed up your drop off process.

Hanging Clothing

Lay clothing in boxes or bins. **Alternate when the size changes** so that you don't have to look at every single item again during Drop Off.

We'll inspect clothing, so have these items easily accessible when you arrive.

Car Seats & Cribs

These items require a Safety Waiver. Be sure that you staple a complete waiver to the item's tag. Our Safety Inspection Team will remove the Waiver prior to shopping times.

Infant Items

Pack nursing, feeding, diapering, potty training, bathing & safety together.

These items will be placed near each other at the sale.

Toys

Toys will be organized by age group, so if you have lots of toys, pre-sorting them by age will be helpful.

Books, Games, Puzzles & DVDs

Pack these items together - their areas will be in close proximity for Drop Off.
