

Perfect Consignor Policy

What is a perfect consignor? A consignor who has 3 items or less pulled at inspection or removed from the sales floor will be allowed to skip inspection at the next sale.

If you are a Perfect Consignor for this sale please follow this procedure at Drop OFF:

1. Check in at computers with consignor waiver, stamped addressed envelope and pick up your presale passes.
2. You will receive a Pink Perfect Consignor Slip that you need to check in at inspection/drop off area. Pink slip must be left with the Inspection Team Leader.
3. If you are selling car seat and/or crib, you need to supply a car seat/crib waiver and turn in with the Inspection Team Leader.
4. Once checked in at inspection, you may simply put your items on the floor with out going through the entire inspection process.
5. Reminder: toys and baby equipment should be checked with our Safety Recall expert. Recalled items left at the sale will be considered a rejected item.

Important: Perfect Consignor status is on a sale by sale basis. If 3 or more items are removed from the sales floor at this sale, you will not be a perfect consignor for the next one.

Thank you for making the JBF Sale the Best in Town!
